Customer Reviews

I bought this book for my 2 yr old granddaughter for her birthday. It is one of her favorite books. She can tell you the story and what happens on each page now. She turns the pages and "reads" the story to all of us, its so cute! She does a good job of it too. Book itself is very high quality and well finished. Sometimes with a board book the makers skimp on pages or shorten the number of pages by putting much of the story on each page. So you have a 5 or 6 page book. This book is big and stretches the story out just like the paper edition. Pictures are brightly colored and funny. Very, very cute. Great buy for your little one!

What's not to love - always a good classic story, fun to have with the pictures rather than just our fingers.

We absolutely love this book. One of my grandchildren's favs.
