Funny, You Don't Look Like A Grandmother

Synopsis

Smart, warm, telling, and funny, *Funny, You Don't Look Like a Grandmother* is the perfect bouquet for today's grandmother, that active and interesting woman who is old enough to be somebody's grandmother and young enough to run around the world. Lois Wyse's new book, charmingly illustrated by Lilla Rogers, is a collection of wit and wisdom for today's Nana, Grandma, Goo-Goo, or Gran. How can you recognize today's grandmother? Easy, says Wyse. The grandmother is the one who goes out more and complains less than her daughter. In the spirit of Erma Bombeck and Bill Cosby, Lois Wyse tells loving and amusing stories that illustrate the joys of contemporary grandmothering. According to Lois Wyse, "A mother becomes a true grandmother the day she stops noticing the terrible things her children do because she is so enchanted with the wonderful things her grandchildren do." Contemporary grandmothers and their children and grandchildren will see themselves in these reflections of family life that include everything from how it feels to become a grandmother to gentle advice on parenting and career grandmothers. *Funny, You Don't Look Like a Grandmother* is the first nontraditional book about grandmothers who may not look like grandmothers -- but who love as deeply as the generations of grannies who preceded them.

Lois Wyse, a successful advertising entrepreneur, is the author of more than 40 books, including Love Poems for the Very Married and Company Manners. She has eight grandchildren.

This book should be handed out to every woman upon learning she is to be a grandmother! So many questions were answered and could have saved me so many difficult moments and lots of money spent on things our children would never use for their new prodigy. It was told in a humorous fashion that was heartwarming and after living so many of the situations for the past 2 1/2 years I could totally relate. I will tell all my friends about it and probably make it a gift for any of them becoming new grandmas. If there is a new baby in your child's future BUY THIS BOOK! and sit back for a fun read. Buy this book for your Mom when you tell her you are pregnant, it should make your life easier unless she's just a control freak.

I expected this book to be written in general terms about grandmotherhood, but it turned out to be a series of stories of different experiences of grandmothers. Fun to read and entertaining, it was quick and easy to get through. (Which is good, because I gifted it to a grandmother-to-be!) The only thing that I didn't like was the font used on the cover: my image of grandmothers is a little more sweet and formal than that!

Adorable read!

I ordered this as a present in a "New Grandparent's Care Package" but decided to sit & read it during those late-night feedings before we got it delivered to them... I honestly didn't make it to the

end. I think I got about 50 pages in -- it just wasn't remotely amusing, and seemed pointless, trivial & wandered aimlessly; in fact, it's in a box headed for Goodwill. I never gave it after all. Very disappointing!

My daughter just became a grandmother and I wanted this for her. It was published over 25 years ago and I was surprised to be able to get it for her. Perfect condition and very good price.

My mom loved it. It was a great way to let her know that she was going to be a grandmother. Great stuff.

I bought this for my mom for Mother's Day because she will be a first time grandma. She enjoyed the book but the first word of every chapter was blacked out (in print, not by hand) and that was disappointing. Cute book but not sure it was worth the money...

Best book ever for new grandmother!
