Latin For Children, Primer A (Latin Edition)

Synopsis

NEW 2017 REVISED EDITION! Designed, revised, and continually sharpened since 2001, the award-winning Latin for Children curriculum continues to be a strong, inviting, and creative program designed to introduce students as young as fourth graders to Latin. It incorporates elements that will engage students of every learning style. When used as a whole, this series trains students in grammar, vocabulary, and English derivatives in a lively, interactive way that is perfectly suited to students in the grammar stage. The Latin for Children series is taught directly to the child and is a perfect choice for teachers and parents, including those who will be learning along with their students. The text comes with a plethora of mnemonic aids (songs, chants) that enable students to learn vocabulary (over 240 of the most frequently occurring words) and grammar with ease and delight. What's in the New Revised Edition? Latin for Children Primer A, now printed in full color, has been enhanced with beautiful illustrations as well as images and paintings of ancient Roman culture. An adventure story, *Along the Appian Way*, has also been added. Students will follow Marcus and Julia as they look for dropped coins or maybe even greater treasures until an accidental run-in with an official messenger brings them more adventure than they bargained for! The chapter-by-chapter Latin grammar sequence remains the same as previous versions. The new teaching video, now in high-definition, is available in streaming or DVD format. Students will love studying Latin even more as they use this newly revised and improved edition. Educators will find all curricula by Classical Academic Press to be created with four important attributes. Each product is classical, creative, relevant, and easy to use. As our company name implies, you will find that we publish classical books and media, seeking to acquaint students with the best that has been thought and said. We also design and present our products with creativity and zest, from beautiful illustrations to engaging storytelling, ensuring that the classical subjects being taught are anything but boring. Areas we publish in include: -Latin -Ancient Greek -Logic -Writing & Rhetoric -Bible, Old & New Testament -The Art Of Poetry -Spanish -Classical Education Resources

Age Range: 9 - 12 years

Grade Level: 4 - 7

Customer Reviews

People have been studying Latin for a long time... Did you know that for nearly 2,000 years most boys and girls going to school in Europe studied Latin (and usually Greek too!) when they were young students? Children learned Latin because Latin was spoken by so many people, and because many good books were written in Latin. The Latin language has been so popular for the last 2,000 years that many other languages have borrowed words from Latin! Did you know that about 5 out of every 10 English words come from a Latin word? When you learn Latin, you are also learning a good bit of English. Here is an example: If I said, "Let ME DEMONSTRATE how the AQUARIUM IS a HABITAT for this TURTLE," we would discover that 6 out of the 12 words (capitalized) in this sentence are from Latin words. I hope you can see that learning Latin words will be very interesting and enjoyable. It will take some hard work, however, like anything that is really worth learning. We will do all that we can to make learning Latin enjoyable, and help you to clearly understand everything we teach you, step by step.

This book not only meet my expectations but exceed them. The Book is easy to read with clear and concise examples. The family is having a " exceptional " learning experience with the book. I will be purchasing the other " Latin " books in the near future. Many thanks to the authors for a awesome job.

This text is an excellent BEGINNING course for YOUNGER children in Latin. It is fun, not overwhelming. However, if you are looking to spend a lot of time and do lots of translations, this book is not for you. It has fun games in the additional workbook and the translation book has lots of factual, interesting yet easy translations to do. I do love translating, so I was slightly disappointed but I fixed that by just making my own. The translations really start making sense 1/2 way through the book. I also do Latin specifically to help with English vocabulary, so this series works well for my

family. I had my older sons pick out their spelling words each week by finding English derivatives based on the Latin words for the week, so that took care of spelling in our house as well.

Our 7 year old granddaughter was delighted with the book and had completed several chapters by the time we left. She is a gifted child.

Thorough and comprehensive. My daughters work through their lessons with very little help from me.

Can't wait for my son to start using this book in September!

Worked for my 9 year old nephew

I love this series. It really goes through learning Latin at a great speed. Plus it makes it fun for the kids.

Like the lay out, drills, worksheets, and chants!
