Customer Reviews

Very handy. It can be folded into smaller sections. Only drawback is Autobahn numbers weren't as bold as I would have wished. It's probably the best map you can buy in the states.

good detail, but the numbering of country (Bundesstrasse, Landstrasse) and interstate (Autobahn) routes is difficult to find.

Great for my upcoming travel

Michelin maps are always the best - easy to read, suggested "scenic routes" and blow-ups of the largest cities. GPS is nice, but maps take the doubt out of the route.

Love these maps. Plenty of detail for planning purposes. Not sure how practical the map would be inside a vehicle while travelling - GPS would be better. Nevertheless, a quality map with the correct scale for trip planning.

This map is too large to take on a trip. The Michelin Germany # 718 is much easier to use.

good quality map, color and detail very good

Excellent price, quality and speed of delivery.
