# **Red Chile Bible: Southwest Classic & Gourmet Recipes**

## Synopsis

The long-awaited companion to The Green Chile Bible, this vibrant collection of rich red chilli recipes celebrates the blending of historic Spanish, Indian, and western frontier traditions in southwestern cookery, and explores some of the best European and Asian contributions to the latest Southwest 'fusion' style. The Red Chile Bible caters to the desires of every chilli cook -- from the passion for finding new ways to cook with chilli to the ambition to achieve the ultimate classic salsa. It covers the gamut of Southwest styles from the traditional to contemporary, from down-home rustic to unashamedly elegant, from comfortably mellow to fiery hot. Reflecting the modern cook's commitment to natural flavours and healthy foods, The Red Chile Bible emphasises fresh ingredients and dishes 'made from scratch' but the authors have also suggested shortcuts and substitute ingredients to save preparation time, without sacrificing quality or flavour. Providing important practical help for the novice chilli cook, the authors give complete information on the major southwestern and Mexican red chillies, along with tips on buying, storing, and handling fresh, dried, crushed, and powdered red chillies. A glossary and a list of sources are included.

## Book Information

Paperback: 168 pages

Publisher: Clear Light Publishing; 1st edition (May 1, 1997)

Language: English

ISBN-10: 0940666936

ISBN-13: 978-0940666931

Product Dimensions: 9 x 6 x 0.5 inches

Shipping Weight: 8.8 ounces

Average Customer Review: 4.6 out of 5 stars 9 customer reviews

## Customer Reviews

One just can't go wrong with any recipe involving chilies. I've not found many recipes in this Chili Bible that intice me. However, the GREEN Chili Bible is over the top with wonderful and savory recipes.

Great cookbook.

This breaks down the history, cultural relationships, and 'from scratch' preparations regarding red chile. I just went through and ear marked all the recipes I'd like to try--a kind of culling process I usually do--but I ended up marking about 70% of the book. Whatever you want to do with red chiles, this book will get you there!

gift

The recipes look to be exactly what I was looking for. Great reading as well. Can't wait to make something from it.

haven't tried any recipes yet but am pleased with the potential.

on time and am using great

I bought this book at ABQ airport while waiting for my husband's flight. What an unpretentious gem. I have used it over many years and just got to meet one of the authors, Audry Jenkins. She is so modest. I have known her for over 2 years and just now she tells me that she has written two cookbooks. A gracious person with amazing sense of taste. Over years I have recommended this book to many of my friends who come to New Mexico and want to start making foods with southwestern flavors. This book is a must for anyone who wants to marry chile flavor with modern style cooking.
