# Crocodiles And Alligators Of The World

## Synopsis

Many of nature's most curious and intriguing creatures can be discovered in the extraordinary Of the World set. Loaded with crisp, full-color photographs that often astonish and amuse, the thirteen-volume set provides unique insights into the amazing diversity of species around the globe. The volumes provide clear, basic information on physiology, classification, habitat, life cycle, and behavior, including such diverse topics as courtship and mating, egg-laying and development, reproduction and parental care, food and feeding.

## Customer Reviews

One of the best books on the order Crocodylia. The photos were out of sight. An amazing thing about these animals is that they survived since the dinosaurs.
