# SEAL'd Trust (Brotherhood Of SEAL'd Hearts)

## Synopsis

I could say that I didn't trust men, but that's not entirely true...MAX:The last mission was over. I was never bringing back the men I'd lost over there, and if I had a hope in hell of redeeming myself after that horrible disaster, it would be here, in the town I'd chosen to set up my brand spanking new civilian life.Or at least, that was the plan... I knew I had promises to keep and plans to follow, but then, life plopped a mission in my lap that all my years of training couldn't have prepared me for.... An overdressed, heavily made up, five-foot package of pure pain in the ass. KATE:I could say that I didn't trust men, but that's not entirely true. I didn't trust myself not to get involved with exactly the wrong kind of men. I moved to this town to get away from all that, and the last thing I needed right now was an ex-Navy SEAL jock like Max, getting in the way of my new life. Tall, muscly, and with a jumbo sized ego? No thank you.I made a promise to myself that I'd do better than that, and I didn't care how damn attractive or mysterious he was.I needed to get back on my feet, find a new job and lick my wounds. Then why was he all I could think about? And why did he have to move in right next door?... What a pain in the ass.- - - - -From USA Today Bestselling author Gabi Moore, "SEAL'd Trust" is the first book in her brand new STANDALONE series, "Brotherhood of SEAL'd Hearts".Here's what you can expect from this book:- Heat level: kindle-melting.- No cheating. - No cliffhangers. - Guaranteed HEA. + BONUS 1: A naughty confession (Iâ™ll probably regret including this one. ## Customer Reviews

Wow Gabi nails it again. This book is hot sexy and gets to a depth that a few of the authors are missing. Gabi compares Kate's experiences and trauma to a war zone and for some victims of abuse I'm sure that's exactly what it feels like. Kate has left her abusive partner and is trying to make it on her own. But it's not quite as simple as that, there is a twist that I didn't see coming when you read the book. Max is a returned and retired seal all because of his last mission. He is trying to make his life better first he starts one company and finds although the money is good it's not really for him so he opens a gym and teaches self defence aimed at women of violence, but due to some hurtful reviews it starts to sink. Both characters are seen to grow with in this book in more ways than one. I'd love a second book for this pair or a novella. And I'd also love to see what happens with Max's brother. This book still holds all of Gabi's amazing talent but is different from her usual work and she's not frightened to break from her tradition of bad boys. Gabi is one of my go to authors. Would I recommend this book YES

I never know what to expect from Gabi Moore but she always surprises me in the best way possible. The writing, the characters, the story itself, always written with such emotional depth I can't help but feel the characters emotions and struggles like they were my own. Not only that but these two, Max & Kate, their thoughts and feelings seem so real. It's not your typical playboy SEAL who has women crawling all over him and him bedding them or the typical woman when she spots him and her troubles all fade away while he saves her. He does save her but not in the typical way with punches and force, but with patience, kindness, understanding and love. They save each other from the demons of their pasts, going slow, opening up, sharing their pain and failures to build something between them two to last. The ending was what really got to me, the tears started but with a huge smile on my face as they share their thoughts on what the other means to them...it was so beautifully written and perfect that even though I received an ARC of this book, I had to buy it to show my support to the author but also because this read, the characters, their stories, their struggles, their fears, their relationship, their sensual steamy scenes and the fact that it wasn't the typical man wh\*\*\* and damsel in distress story....definitely worth it !! 10 +++++

I reviewed an ARCGreat book again from Ms. Moore. This time the blurb unfolds between two characters with completely different backgrounds but with damaged souls. Kate has a very hard time trusting men's intentions because of his abusive ex husband. Max suffers from survivor's guilt and is trying to find a new purpose in life after leaving the Navy. These two couldn't have been more different on the outside but somehow everything they individually went through helped them to form a deep understanding and acceptance towards one another. I liked how Ms. Moore conveyed these delicate themes. Especially liked how Kate's character reflected what effort it takes for an abused woman to learn to trust again. I think this was the first book I ever read which expressed this ordeal in such a straightforward but sensitive way through only a few very well written dialogues. I also liked Max's character. He was the silent brooding type but showed his affection through his actions very clearly. It was also very entertaining to read both characters' POV because it showed how the simplest things held totally and absolutely different meaning to different people. It was lovely to read how their misconceptions towards each other first formed then piece by piece crumbled down.

I found this quite different than the other books I have read by Ms Moore but, as usual, she does not disappoint with a quality story, difficult subject matter and complex characters. Kate has lived through a hell of a marriage and has the scars, both internal and external, to show for it. Her instinctive reaction is protect herself at all costs, even if it is against someone who has never done anything to her, self-preservation drives her, understandably so, and she doesn't know how to trust, but the person she actually trusts the least is herself. She doubts her ability to be able to tell good from bad and thereby shuts herself off emotionally on the off chance that she might get it wrong again. I fell in love with Max almost straight away. I'm used to reading books where ex-SEALS are all arrogant p-hounds and with Max nothing could be further from the truth. In fact, when it comes to women, he is endearingly unsure of himself and fairly socially awkward. He has lived through his own form of hell and whilst he might not have the external scars he definitely has the scars to his psyche. Their story is beautiful and, in a way, heart-breaking and there the difficult subject matter is handled with respect and authenticity. Can these two damaged people find their strength within themselves enough to find strength in each other? I voluntarily reviewed an Advanced Reader Copy of this book
