This is a great easy-reader with good sports message for kids. I bought it for my six-year-old during his first basketball season, and he loved reading it to me. He wants the other books in the series.

This is a GREAT book for a 5 year old beginning reader who loves sports!!! My son has actually thanked me numerous times for getting him this book to read. It makes him very proud that he can read it on his own, and that makes me happy!! The sentences are simple ("His coach is not happy."), but they form an engaging story. I wish there were more books in this series!
