Pamela K. Lamb teaches AP U.S. government and politics at Del Rio High School and serves as a reader for AP exams in history, government, and economics.

My son followed this book in preparation for the AP test and scored well. The book matches the AP test pretty closely in format. I would stress that having the discipline to use the book correctly and regularly is important.

Good for crash training. Preferred Princeton Review but this one is organized differently which makes for a complement to the other.

Taking the exam next month - time will tell!
