Customer Reviews

Excellent resource if you are trying to stay away from flour and sugar.

Good Advice given in the book - packaged very well

Not worth the money. Very few recipes and I only found 1 or 2 recipes I would use.

I only found 2 recipes that sounded appealing. Some recipes include sugar or other non-artificial sweeteners.

There weren't enough recipes with regular food - I'm not big on all of the unusual veggies used in almost all of the recipes. Very disappointed. Even though I know it's my fault that I don't want to eat different foods.

Disappointing, way too wordy, get to the point, unless you just want to hear yourself.

This was a really easy guide that will allow me to incorporate recipes that eliminate flour and sugar, into my daily life. I particularly enjoyed the breakfast recipes.

Still had recipes that contained gluten which by the title I would have thought would not be included.
