I just made it to Part II and I am completely hooked! I was trying to make a major decision on what to put on a banner for a trade show and after reading Part I I know just what to do. BE DIFFERENT! Now I have no fear of going to the unknown with an edgy promotion. I took the Brand Fascination test and it changed everything for me. I had been going in the right direction but now I have the works! That profile is printed out and now in my note book to keep with me so I can read it and use it. Highly recommend but I could be biased because I have read all of her books! But...this one is the BEST! Big fan of Sally!

What a fabulous and fascinating book filled with research, stories and a practical reference guide! I'll be using it with my brand and recommending it highly to clients!

Loved this book, gave a clear set of plans and ideas for all marketing needs. Possibly one of the best connections between branding and strategy I have seen. LOVE it!

Absolutely fascinating. A test that allows you to see how others see you and how you can use that to boost your strengths and marketing message.

First, I LOVE the way Sally Hogshead writes... forthright, funny, very down-to-earth, and right on target. Secondly, we've been trying to solve a business problem for several decades. I'm not yet sure if her solution will really work, but in 1 page, she helped me to define the issue. A refreshingly different approach! And, from the clients she has had (who doesn't know the "Aflac duck"?), it looks

highly likely that she's on the right track.

Sally nails it here. Every entrepreneur and person who desires to influence others should read this book.- RG

The information I've always looked for. So many books and sites tell you things that worked for them but never really explain why. Reading this book and the Fascinate test really helped me understand my brand on a deeper level. It's provided insight how to present my brand and why so my brand is attractive to my target market. Highly recommended if you want to tailor your brand to your audience on a deeper level.

Excellent and compelling read, rich with specific concepts, strategies and tactics to help you clarify and communicate a meaningful brand. Ideal for any individual or organization interested in making a difference.
