Customer Reviews

This is a school book. Nobody loves it. It just worked out well buying from .

For school.

Good material but needs the answers so you can check your work. You can buy the answers from another source.

It doesn't have the answers.

I honestly bought this book as a last ditch effort to get into a good college. It took me no time at all to realize that I can practice with this book until the day I die to no avail; there are no keys with which to check my answers. For all I know, vocabulary power is analogous to flailing around in the dark, questing for a future that will never be. I will never possess the power that is vocabulary thanks to the shortsighted editors at Prestwick House. Although my hopes and dreams have been crushed, I still can't consider this book utterly worthless. I mean, when I realized my fate at the hands of this book, I used the pages to line my cardboard box living space of the future.
