## Synopsis

How Can You Go Wrong With Superfoods-Only Diet? FACT:Way too many of us live in a state of poor health, lethargy and moderate obesity. We live with headaches, back pain, inflammation, arthritis, high blood pressure, high cholesterol, diabetes, skin problems, insomnia and cancer. These are all the byproducts of modern western diet, based on processed food. Superfoods are foods and the medicine and they can help with all these symptoms!! Superfoods are NOT only exotic berries like Acai, Goji or Noni! Acai, Goji or Noni berries are great, they are full of antioxidants, but you can't live on them. Superfoods covered in this book are regular, everyday Superfoods, like spinach, broccoli, quinoa, olive oil, garlic, kale, salmon, ginger, avocado, berries, flax seeds; basically nutritionally dense foods that are widely available and which offer tremendous dietary and healing potential. After eating these superior sources of anti-oxidants and essential nutrients for only a week or two you will:

- Start losing weight and boost energy
- Get rid of sugar or junk food cravings
- Lower your blood sugar and stabilize your insulin level
- Detox your body from years of eating processed foods
- Lower your blood pressure and your cholesterol
- Fix your hormone imbalance and boost immunity
- Increase your stamina and libido
- Get rid of inflammations in your body

"Our Food Should Be Our Medicine And Our Medicine Should Be Our Food." - Hippocrates 460 - 370 BC Weight Loss Plan For Women is based on Superfoods Diet. It will keep your appetite and cravings under control and it will balance your hormones. It's nearly impossible to lose fat if your hormones are out of balance. Superfoods Diet works because it lets you return to the type of food your body naturally craves and was designed for. Whole foods Superfoods is the food humans consumed for literally millions of years. Superfoods diet forbids processed foods, hybridized foods, gluten foods and high glycemic foods. There is nothing super in today's hybridized wheat, corn, soy or potatoes. Processed food is the main reason why people suffer from inflammations and why their hormones are out of balance. Only Superfoods Slow Aging! Discover:

- Which 17 Superfoods slow aging and boost immunity-pg. 59.

## Customer Reviews

I got it right this time. I haven't started the plan yet, but I feel already that i'm on the right way. Don really know what he talks about, it gave me new knowledge, now it's just about time to implement it.

I love the first person view of this book. I love hearing about the actual experiences of Don Orwell. This book is not only helpful for just women, but men like myself can also use this advice. Put this advice to use and I promise you will start seeing results. Recommend to everyone, 5/5.
