Customer Reviews

Although we finish these books in pretty short order, my elementary school aged son enjoys them enough to reread them.

It was hard to get my step son to read at our house. He was struggling in school with reading so I wanted something he was interested in and he is obsessed with minecraft everything! He loved it so

much i bought him the others!

My son lives these stories. They're quite silly, but I love to watch him read them and laugh.

My 10 year old daughter is a Minecraft junkie, and also a bookworm. I thought this book would be a good fit because she devours every "Diary of" book she gets. The only reason i give this book a 4 star is because she didn't want to read it, She said it wasn't interesting, and she couldn't get started. once i had her get past the first two chapters she then completed the book, but she did say it wasn't one of her fav's. Wish i had more input.

While I bought this series for my 12 yr old son. I am really enjoying them too. The stories are so funny.

Kids love this book series have to get the whole set.

My 7 yr. old grandson will love this.

My 12 ye old son loved this book!
