Product Dimensions: 7.4 x 1.2 x 9 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 68 customer reviews

Best Sellers Rank: #234,096 in Books (See Top 100 in Books) #25 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > State Quarters](#) #52 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > Coin Folders](#) #22696 in [Books > Teens](#)

## Customer Reviews

The album looks good and holds the coins tight. I like they have various albums for various coins in the same format that looks good on your personal library or display. Also, the deep sea-blue (may be just a little too dark) provides nice contrast with the shiny coins. I like they provided more transparent sleeves than necessary, so if you remove or scratch them, you have replacement. You can later buy additional pages and even adhesive letters and numbers and add them to your current album by simply removing two screws. All in all, the album looks solid and elegant in the same time.

Whitman has a whole series of these folders. I've never heard of them before, but they are awesome! A plastic insert goes on either side of the coins so you may see the front AND the back. This folder makes for a very nice assertive presentation of your coin collection that will look nice on your book shelf. If you do not find this review helpful, please comment as to why. Thank you!

This is a TERRIFIC product for the casual collector, for anyone who simply wants to assemble good specimens of lightly circulated state quarters and admire them in a handy format. Only one spot per

state is provided, which is exactly what I wanted, since I don't care about the mint marks and don't want to collect one of each. The plastic inserts are extremely handy and easy to use. I am putting the coins in "backwards", with the unique reverse of each coin face up over the name of the state, leaving the obverse (front) -- the George Washington profile -- upside down on the back of each sheet. Inspired by this terrific product, I have also ordered the "Presidential Dollars 2007 Album", ISBN-10 0794821839, available on [Amazon](#) and produced by Whitman. Happy collecting!

I am using this book for my "S" mint quarters

Bought it as a gift and it did the job

Part of the shipment was damaged through poor packing by fulfillment department. I had to return one of the folders but made good on the replacement. Plastic binding should be a little thicker to avoid cracking. I would choose another type of folder in the future that was more sturdy.

This is a very nice way to display your State Quarters. There is only room for one of each quarter so you will not be able to do multiple mints in the same book. For single mint only. Also this book is missing the page for D.C. and the territories, which is easily purchasable separately.

This booklet exceeded our expectations. It is far superior to the simple cardboard books. The quarters fit well without having to force them and the plastic covers keep them in place. Best coin collecting booklet we have.
