## Customer Reviews

David Webb is a popular artist/tutor on the nationwide leisure painting circuit whose particular strength is painting animals in watercolour. His work is regularly featured in the leisure painting press, and he runs his own workshops and painting breaks.

This is probably the best watercolor book for painting animals I have discovered yet. I eventually hope to do animal portraits in watercolor so I buy everything I can (with a decent review) about how to paint animals in watercolor and in my opinion this is one of the best. Lots of instruction, detailed

how to's and pictures to go along with it. This book can't be beat esp. for the price. I purchased it used and it was in perfect condition.

This is an exceptional painting book. Easy to follow instruction, great examples and many techniques to try. It's giving me courage to try painting animals.

excellent book

As a watercolorist and African-phile (is there such a word? there should be) this book gave me many ideas for painting. The pictures are simply great.

Oh, this book is nice! The artwork is beautiful and I could only wish I could do something as well as this artist did. I love this book and will keep trying. Really, really nice book!

I was hoping for more of the animals here in the Rocky Mountains, but the basic drawing guidelines were helpful

A+ vendor
