# Brilliant Stained Glass Mosaics

## **Synopsis**

Brilliant Stained Glass Mosaics combines two popular crafts into one exciting new art form. While most traditional opaque mosaics can be attractive and fun, they lack the creativity and excitement provided by the addition of stained glass. Glass-on-glass mosaic projects come to life because they can be illuminated by candle, incandescent or natural light. This book illustrated simple mosaic techniques that can be used to create stunning, sophisticated designs for both home and garden decor. The projects include windows, vases, candle holders, picture frames, light fixtures, and more!

I love this books. Its amazing its easy to follow...thanks

I didn't particularly like the projects the author chose, however the description of the basics of the craft are good.

I purchased this through for a friend who was interested in learning Stained Glass Mosaics. She was very pleased with the book especially since she was a beginner to stained glass.
