## Customer Reviews

COMES WITH Student Media AP Edition Biology (never been used) CD-rom

This book is piece of crap. There are more than 50 pages missing. TERRIBLE shopping experience

Good product but not like new - many pages marked up and well worn. Will Buy again

I wish it would have been noted that the corners had been chewed on by a dog. Otherwise, the book was in good condition.

Exactly what we expected

school book for our child

This was a gift for my granddaughter in high school
