Best Sellers Rank: #1,396,128 in Books (See Top 100 in Books) #55 in Books > Travel > Asia > Japan > Kyoto #121 in Books > Travel > Asia > Japan > Tokyo #3524 in Books > Sports & Outdoors > Hiking & Camping > Excursion Guides

## **Customer Reviews**

Horrible. Less than a third of the book was useful information and it only covers a few of the major cities in Japan. Get the lonely Planet series instead.

This was the worst travel guide I've ever encountered. Information was very poorly written and incomplete.

Very good guide. Almost too much info to sort through.

As someone who is planning to visit Tokyo this summer, this travel guide provided me with some great ideas as to where to tour. I have been a huge fan of anime for many years and was already planning to visit Akihabara, but now that I know that the Ochanomizu Musical Instrument Area is in the same district I can plan to visit both on the same day. I am interested in seeing the collection of brass instruments there. What I loved about this book was that many of the locations and activities were listed in bullet-point form instead of in paragraph form. It allowed me to pinpoint exactly what stood out to me more easily instead of fishing through what I knew I'm not going to get to on my trip. What a great read!

I plan on visiting Japan this summer and wanted a detailed and capturing guide that will prepare me for my travels. I came across this book on and its been phenomenal! Unbound Charlie, the author, takes you through all the major cities, Tokyo, Kyoto, Osaka, etc. and takes you through all the major attractions. The guide was never boring and made it seem like you were just there with this author, Unbound Charlie. I am so much more excited to plan my trip to Japan, knowing what to expect and where to go. 5 stars!

I am even more excited to visit Japan next month after skimming this guide especially cause it was super fun and easy! Although it was a short read, it went beyond the ordinary 'touristy' things and actually explores the rich culture, etiquette, and "hidden gems" that are extremely important for my travel experience. It was pretty fun to read too, it even had a section on Japan's top quirky facts!

Ever since speaking to a good friend of mine who used to live in Hokkaido, I have always wanted to visit Japan . This is a very comprehensive guide to exploring northern, central and southern Japan. The book covers many various things to do in Japan including visiting Isuien Garden and the famous Osaka Castle. The book also explains travel requirements and what to expect for transportation options.

Great choice for a travel planner, this is a wonderful, practical and easy to use book. It was literally in my hand the entire trip, it's laid out in a very convenient and simplified way so you can know quickly what you want to see and visit. Recommendable even for people living in Japan!
