# Practice Makes Perfect Italian Pronouns And Prepositions, Second Edition (Practice Makes Perfect Series)

## Synopsis

Based on the successful approach of the Practice Makes Perfect series, Italian Pronouns and Prepositions offers a clear and engaging presentation of all aspects of pronoun and preposition usage, combined with extensive practice, for beginning and intermediate language learners. This new edition features a new review chapter that allows learners to pull together the grammar skills they've acquired. **About the Book** This new edition in the successful Practice Makes Perfect series, Practice Makes Perfect: Italian Pronouns and Prepositions offers a detailed examination of these two essential aspects of grammar, which language learners need to master to communicate with confidence. Learners of a foreign language often have difficulty with these areas because the usage of pronouns or prepositions rarely translates directly from English to the new language. Thus, language learners need much more practice in the areas of pronoun and preposition usage than is provided in general grammar books. This book provides clear explanations of the usage of pronouns and prepositions, followed by practical examples illustrating and clarifying each point. Extensive and varied exercises provide ample opportunity to practice. Answers to all questions are provided at the back of the book, providing immediate feedback. The new edition features a brand-new review chapter that allows learners to pull together the grammar skills they've acquired throughout the book. **Key Selling Features** New edition features a brand-new review chapter. Details all aspects of pronoun and preposition usage. Clarifies the subtleties of pronouns and prepositions that often escape language learners. Highly varied and extensive exercises for practice. Practical and high-frequency vocabulary used throughout. Answer key provided for reference and quick feedback. Combines the best elements of instruction and practice so readers find all they need in one book.

## Customer Reviews

Daniela Gobetti is the assistant director of the Office of International Programs at the University of Michigan, Ann Arbor. She is the author of *Better Reading Italian* and *Practice Makes Perfect: Italian Vocabulary*.

I purchased this book because like many of the other reviewers, I was confounded by the Italian pronoun usage and placement. After studying intensely and working all the exercises a couple times through, my Italian comprehension exploded. Finally, I am able to instantly understand what I read and most importantly what I hear in Italian. The secret was to understand the pronouns and how and when they are used committed to memory. Now it all makes sense and the beautiful, melodic sound of Italian flows. If you are serious about learning the Italian language, this is a "must have" book.

This has helped me learn Italian on my own. I started with Rosetta stone. These workbooks have helped a lot.

All the *Practice Makes Perfect* books are superb teaching machines. I have many for Spanish so when I began studying Italian I immediately order the ones for the Italian language that I wanted. There was no need to investigate any other books.

Pronouns in Italian go far beyond simply memorizing words and phrases -- this is where I feel I have to begin to "think" in Italian. This book is a great way to supplement the "Living Language" course I'm using. Does anyone know if the following are errors, in the Unit 4 answer key? 4-2.4, 4-2.5 and 4-8.1: should these be "la" instead of "lo"? And should 4-7.5 be "sta" instead of "sto"?

This is a very useful book for learning Italian! I'm into the Intermediate phase of learning Italian (more than 1 year, less than 2) and have this lovely book as a GREAT resource tool. I use it often, and it's extremely helpful because of all the quizzes, the easy to understand explanations as to why

certain pronouns are used and others not, plus there are plenty of useful charts and other displays that really help the serious learner to overcome their fear of the language!! The book makes it fun and straightforward, and a wonderful supplement to my classes once a week.

Prepositions are something this I need help learning, as I am self-teaching Italian. I like the focused nature of the guide.

EXACTLY what I needed for a very difficult topic in Italian. I highly recommend this book for others struggling with this aspect as I have.

Use this book a lot. Provides good practice lessons with answers.
