## Customer Reviews

Pretty much same complaint as my other review. Darker colors don't come through well on the more shaded areas.

Ben's wife Karen here:I LOVE LOVE LOVE this book! I have every one of her books! This historical version of pin ups is adorable and sexy at the same time. Highly recommend scanning the pages onto better paper though. The publisher (CS) produces all these books on weird paper. Other than that I recommend this book to anyone who LOVES to color!

some of the pics are too dark or blurred, overall I would still buy, as most are wonderful

Many of the images are too dark for me, but I am enjoying the book otherwise.

I often see reviews on grayscale coloring books that say the images look like photocopies, but I think it would be helpful to see an actual photocopy to show the quality difference.I have a print of one of the images in the book & made a photocopy for comparison.(Coloring book on the left or top...photocopy on the right or bottom)The image from the book is obviously going to be better for coloring on.

Love this book. Beautiful images. It's fun and easy to color. Hours of fun. I have the digital book.
