The Egyptian Book Of The Dead

Synopsis

"Book of the Dead" is the title now commonly given to the great collection of funerary texts which the ancient Egyptian scribes composed for the benefit of the dead. These consist of spells and incantations, hymns and litanies, magical formulae and names, words of power and prayers, and they are found cut or painted on walls of pyramids and tombs, and painted on coffins and sarcophagi and rolls of papyri.

Yah I was so excited to get this book again. My ex threw a lot and I mean a lot of stuff including one of anne rice book signed. To be able to see this book again and I got it. I was so happy. This does teach you some stuff on Hieroglyphs. Love this book. Thank you so much

This book really helped me understand Egyptian religion and explains different aspects of the history and contexts of the book throughout the different dynasties. It also has explanations of the main concepts of their beliefs. This is a great book for beginners. I love this book!

AS EXPECTED

Book is exactly what it says it is.

This is the bases of Judeo Christianity

Excellent illustrations ! The artwork and details through the book are amazing. This was a good read , and quick reference. I did not find the book to be informal as expected.

Given that this book is a mid-19th-Century collection of translations, and not really a "light" read, I still found it to be rather informative. It provided me with some insight into the period Egyptian burial rituals and their system of deities. I enjoy reading about mythologies and ancient religions, so this work fit right in. I would recommend it only for those who have the same interests.
