## Customer Reviews

This book provides some great ideas for beginners and the experienced as well. I feel it gives a great idea on what combinations to use, as well as the opportunity to try pairings for your smoothie you didn't consider prior. I also like the fact that these recipes are healthy and all natural and that you can also doctor them and make them your own, adding your special touch to them and adding other healthy ingredients. This is a good book that I'd love to memorize eventually and even create new recipes of my own from. I received this item for free in exchange for my honest and unbiased review.
