Customer Reviews

It was not the thick book that I have purchased from these authors before but worth it. You will enjoy it and the recipes are always good.

This is a wonderful book filled with delicious recipes. They use common ingredients & most are fairly easy to make. Recipes include French toast, pancakes, cereals, fruits, beverages, desserts, muffins, & baked goods. Egg, meat & cheese dishes including soufflés, quiches, & casseroles are here as well. Each recipe has a description of the B&B it is from along with contact information. An index also lists the inns by city. Some of my favorite recipes include the peach coffee cake, morning pizza, & broccoli bake. I also enjoyed the carrot cookies. My overnight guest loved the surprise French toast made with cream cheese & pecans. I really love the section in the back filled with

household hints. I found these very useful as they really do help save time & money. They have also helped make guests at my at home feel more welcome.
