Reawakening: Age Of Magic - A Kurtherian Gambit Series (The Rise Of Magic Book 2)

Synopsis

Revenge is a dish best served with magic—and a pet dragon. Hannah killed those who destroyed her family, but the man who ordered their deaths is still alive—and in power. It's time someone worked to end Adrien's evil rule. But to find justice, Hannah needs to increase her skills. She and Sal head to the Heights for a little one-on-one training with a handsome young mystic while Ezekiel heads north to right a forty year old wrong. Meanwhile, Parker is stuck dealing with the mess left behind after Hannah's ass-kicking. He has to fight back against a group of anti-magic zealots and uncover the mystery of a new factory whose workers are never seen nor heard from again. The nightmare is real, but a Reawakening is coming. Reawakening is fast-paced, full of action, and follows Hannah's quest to build a team and stop the evil Adrien's plans to rule Irth.

Customer Reviews

I loved book 1 - this one, I thought was not QUITE as good, but still worthy of 4+ stars. Lots of character development on new/minor characters, not so much on Hannah. Felt there could have been quite a bit more done with her getting into her undercover role, it just felt rushed, like the authors were trying to add to the backstory a bit too much, at the expense of developing Hannah further. Still, very enjoyable read! Tried to get more info on the series from FaceBook, but apparently now they've changed it where you can't even SEE any pages unless you are logged in, so those of us who won't, are locked out. Sigh. And the author's own web page hasn't been updated lately.

Not much action, the authors were ,hopefully, just setting the stage for the next book. Why 3 stars? Like I said, a boring read, technically it was written well, but barely held my attention. I'll have to think about purchasing the next book in the series. A suggestion, if you want to read a good series, read the schooled on magic books.

I actually purchased the book right after it dropped not knowing. I immediately got it after I completed book one. Now I have to wait for book three! I am so anxious. Lol it's a wonderful read. Thank you. I needed a book like this.

I liked the story, and the series group it's part of. It's like finding a book you really like, and then discovering there are tons more stories about it, with slightly different viewpoints, being written and waiting for you! Incredible amount of back story! Thank you! This series stands on its own, but read the rest. Great stuff!

After first book, I thought this is OK but more YA stuff. Finally decided to try book 2, just in case. While is still kinda YA and plot moves along rather quickly, it is kind of fun reading. Michael has found some interesting writers and that means more books for me to read. Good stuff, thanks

The story is crafted around characters you can feel. The times are desperate and you can feel the growing tension as the main players step off the treadmill of hopelessness to change their world. Rich and well described, worth reading and continuing as new books emerge.

This series just gets better with each book! The main characters and world are so well described it is like being there yourself rooting them on. I started reading this and couldn't put it down, finished it in one setting. Don't miss out! Great Reading Everyone!!!

Hanna, Zeke, and Palmer with their crew are ready to do battle. There have been so many twist and turns in the storyline - love it. Great action and just blends wth the storyline. So read and enjoy.
