My son loves this book. Got it for him at 15 months. Perfect for the Halloween season. He just came across this book again at 21 months, and still loves it. He's a big fan of Elmo! Binding is a little janky, book is currently in two pieces. Time to get out tape. Still a great book though.

Cute story and my daughter loves the book. I just wish the flaps weren't so small

Great halloween book for my son

My son loves flip books especially this book. It's a cute book. Not your traditional rhyme toddler

book. I took off one star off because it's a pocket board book. A bit expensive for how tiny it is.

ADORABLE

cute seasonal book, age appropriate for the older preschooler and above. Illustrations are good, nothing to report grand about the text. Must know Sesame Street Characters to fully appreciate. read and pass on to a friend.

Book was excellent graphic wise. Lots of bright colors and fun flaps for my 3 yr old twins. However, book didn't have a spine?! Not sure why. But yes, but was received without a spine. Very odd for a board book. I had to take clear packing tape to secure the back where the spine should have been.

This has a lot of pages for such a tiny book, and each right hand page has a lift-the-flap with a different Sesame Street character underneath. It's cute and interactive and it's small enough to fit in our diaper bag for a little on the go book. My daughter loves to read it. The binding has still held up after a few months and for a book that cost me \$1.60, I don't have any complaints.
