## Customer Reviews

I am not an experienced musician. I took lessons as a child and have since picked it back up. I bought this songbook on a whim. . . I was looking for *To Make You Feel My Love*. . . I had already purchased a version of the Bob Dylan song as separate sheet music, but wasn't really impressed. . . I was looking for it to sound just like the Garth Brooks version from the *Hope Floats* CD. Long story short, this book was exactly what I was looking for. I have always been a Garth Brooks fan and here I am now playing all of my favorite Garth Brooks songs!!!! I have spent hundreds of dollars in sheet music recently, but this is by far one of the best transcriptions of popular songs that I have found. It seemed very accurate to my untrained ear. If you are a Garth Brooks fan, then you should definitely grab this one. It even included the musical intros to songs which some of the books I have

encountered don't. This is from a beginner/intermediate piano players point of view.

I'm so glad to have the piano music to many of Garth's songs. I recently got started collecting Garth's music with the Ultimate Hits and was surprised there was a piano book to go with it. I'm so glad I found it and have the songs from the CD/DVD collection that I can play at home. There are a few songs I really love and wanted the music for but didn't think there would be a way for me to get them. I stumbled across this while checking out the Ultimate CD/DVD set and was very excited to see I could get the piano music too. Especially for the handful that are my absolute favorites. There are of course many other songs in this that I thoroughly enjoy also. I highly recommend this.

Wonderful folio with all of the great Garth's best hits. You will not be disappointed.

perfect My husband loved it

Good variety of Garth Brooks songs. I am enjoying learning to play them on the piano. Would prefer it to be spiral bound so that it would lay better, but other than that I love it.

such fun, love the entirety

Got this for my husband. He loves it.

Book was ok, but not excellent. Cover was torn and the pages were folded over. Next time I will look for poor condition and try my luck.
