The DIY Wedding: How To Bootstrap Your Way To The Perfect Wedding (Wedding Dress, Wedding Planning, Invitations, Centrepieces, Favours)

Synopsis

Purchase the Paperback and get the Kindle version for FREE!! It's YOUR Wedding! We buy things we don't need, with money we don't have, to impress people we don't like. Weddings are a multi-billion-dollar industry. Couples spend thousands of dollars on a huge wedding that is often with borrowed money. The first step in their relationship is into debt! In this book, this social norm is turned on its head! I am going to describe exactly how you can have a beautiful wedding and in some instances SAVE money. It's most definitely possible and I am testament to it. I was able to plan and have my wedding for under \$1000. It is tough and you will have to be creative, but it's most definitely possible! To start your marriage off in the best possible way, read this book today! You're about to learn how to save money on Invitations Rings Venue The Dress! (it's possible) and much more!

Customer Reviews

My boyfriend of almost 13 years proposed to me last year, but we haven't started planning

our wedding yet. We've always known that we're not going to go for an all-out grand celebration because we both don't see any point in spending too much on a one-time event. We'd rather spend just the right amount and do it three times over, haha! Anyway, curiosity got the best of me so I got this book. I love this! Full of practical, smart ideas, tips and advice. Not only does this push you to be creative, it also proves that you don't need to spend a lot in order to have a memorable wedding. Very valuable find for any would-be newlyweds!

Wedding day is one of the anticipated events every couple would like to experience. That's why this special event should never be compromised. If you want your wedding day to be a budget-friendly and personalized, you should be the one to make the things to be done through hands on. But it's not that easy because stress and wedding jitters are the next things you would probably experience. Thus, the author comes up with this helpful book. This will help every couple to maintain a stress-free mood by organizing their own wedding day. There are tips written in this book that really help the couple what to do on the process of their fast-approaching special day. For a few amount of money in purchasing this book, you can make your dream wedding come true. I highly recommend this guide.

I have learned a lot of unique but inexpensive ways to turn everything into a magical wedding. The cubic zirconia is the best, lovely, elegant and inexpensive ring to get. Horses instead of a car is more romantic. It's like going back in time. My imagination is flowing with excitement on the future wedding. I can't wait to plan everything with my fiancé.

My sister is preparing for her wedding in two months and this book was a very helpful guide for her. It covered many aspects like how to invite guests, what to wear, and the food to be served. We also had some great ideas that would help us to have some fun in the wedding. And it kept her from turning into Bridezilla... for now anyway.
