The Prophecy: A Young Adult Romantic Fantasy (The Healer Series Book 4)

Synopsis

"Young adult fans who enjoy The Mortal Instruments and/or The Vampire Diaries will love this series." - Customer
Armed with memories of her past life and the identity of her true soul mate, Hope is bound and determined to fulfill her destiny and heal the veil...on her own terms, that is. Unfortunately, Hope's inability to play by the rules causes a rift in the group and discord with Tie. Dark forces are at work fighting to tear them apart, while Victor, Ms. Mori, and Dr. Fairmont attempt to understand Tie's role in saving the world. Hope's inability to sense the veil, Angie's visions of loved one's deaths, Kirby's vulnerability, and an unwanted bond with a dangerous kami are certain to prevent her from ending the conflict once and for all. The group needs answers found in an ancient prophecy and written in a language few understand. And they have no idea where it is...And Amatsu's servants are hunting them...And the veil is failing..."I'm a big fan of fantasy books and this honestly gave me some of the great joy I have when reading Anne McCaffrey, Terry Goodkind, and Anne Rice. I can really appreciate a fantasy novel with a perfect hint of romance." -JM
An excellent example of Fabulism/Magical realism, combining myths and fables from the Japanese culture, as well as touching on a few others. C.J. Anaya has an excellent writer's voice and sets a brilliant pace...It was impossible not to get lost in the story." -K.J. Simmill, Readers' Favorite
This book is for anybody who loves asian mythology and gods and goddesses anime young adult urban and dark fantasy supernatural creatures and magical power epic love stories full of sword fighting, sorcery, and mythology coming of age themes and romantic adventures

Customer Reviews

Oh this was so worth the wait. I laughed, I cried, and I never put the book down. Definitely recommend to anyone who loved the first 3. This was everything. I ended the book with tears streaming down my face with so many mixed emotions. But satisfaction and love were the strongest. So good! I wasn't expecting the many well placed plot twists. Didn't see the ending coming either, but no spoilers here!

This is one of my favourite series. I'm sometimes nervous to read the final books of series incase they disappoint, this was not the case! The last book in this series has so much love and insight, the writing is beautiful and you get transported into the story. There is plenty of action to keep you on your toes, but there is also love, friendship and humour to keep you hooked. The characters are amazing and some will even surprise you. It was a great ending to Hope and Tie's story, and I can't wait for Angie's story in 2017 :)

I loved this series ("The Healer"), and "The Prophecy" was a very satisfying conclusion to an interesting and entertaining story that includes well-defined characters, locations, and events. While categorized as a Young Adult Romance Fantasy, readers of any age who like the fantasy genre will enjoy the series.

I really enjoyed this entire series! It was a pleasure to be drawn into this fantasy world that came alive to me. My only complaint is that some of the supporting character roles were not wrapped up. I am hopeful those will be revealed in a future book!

I truly loved this series and lost lots of sleep since I was unable to put the books down. There was so much build up along with a lot of twists and turns. I will say the only thing that disappointed me was the really quick turn of events. The whole book prepared you for something that seemed to be

solved within a few pages so the actual main event was a bit of a let down. It all made sense I just believe it was slightly lackluster. Aside from that this was a great read. All four books were truly worth the time. This has definitely made it into my top 10 series list.

This is one of the best series of books that I have ever read! I totally enjoyed reading all four of them! Your story is full of fun and love and seriousness. I have been reading series for quite awhile and thought, "oh well, I'll just start this book and see where it goes..." Man, that was a great decision on my part, I just loved reading your books and and so looking forward to searching out more of your books! Thank you very much for being so talented and capturing my imagination!

I loved the ending to the series. It tied up all the loose ends. I can't wait to read Angie's story. I hope we get to see these characters again.

It was entertaining. A mish-mash of everything that has already happened in dozens of other similar novels and the author cleverly mocks this in her own story. But considering it's target market, it definitely hit its mark. I recommended it to a friend who has a penchant for other worldly romances. It is one of the few books where I actually bought the last book in the series in the end because I couldn't predict the ending and wanted to know what it was.
