## Synopsis

Conventional wisdom says that women are the manipulative ones - but tell that to the thousands of desperate women suffering at the hands of a manipulative man. Men can be just as sneaky, passive-aggressive, needy, underhanded, whiny, guilt-inducing, and emotionally demanding as women are accused of being - and more so! As any woman in love with a manipulative man can tell you, it's not easy to get past his charm and your guilt to a place where you can see your relationship for what it is - out of balance, extraordinarily stressful, emotionally exhausting, and potentially dangerous. *The Manipulative Man* is a groundbreaking prescription for dealing with the manipulative men in your life by using: Tests to help you determine if you are involved with a mama's boy, narcissist, sociopath, or even a psychopath Techniques for defining and setting boundaries with your man Tools to help you improve their relationship And more! In *The Manipulative Man*, acclaimed psychotherapist Dr. Dorothy McCoy shows you how to identify the type of manipulative man you're involved with, deal with the issues his behavior provokes, and, ultimately, salvage the relationship - or move on.

Forget why men love b\*tches and all the rest of the books about men. I have had issues trying to understand and work with mine for years. I wish i had this book before. The book is great it explains you about different behaviors and how to deal with them.

When my marriage was falling apart, I quite literally wondered if I was going crazy. Everyone loved my husband. Even my parents loved him. I felt as if perhaps maybe there was something intrinsically wrong with the way I was feeling. My husband was so passive, and non aggressive that I began feeling as if I was the one that was the problem. This book was like a breath of fresh air. I was not crazy for being frustrated with a man who always had an excuse for why he couldn't do what he promised he was going to do. I was not crazy for being angry at him when he refused to make a decision or follow through. In fact, my anger and frustration were appropriate responses, and my depression was just the result of me talking myself into the notion that I had no right to be angry or frustrated by such a 'nice passive' man. My husband wasn't violent. In fact he was so passive, I sometimes wondered if he cared about anything at all. It was like living with a wet sponge. The MM taught me to recognize extreme passiveness as a sign of manipulation and control. His passiveness controlled everything. I just didn't see it, because I had been conditioned to think manipulative men were more obvious and aggressive than he was. MM helped me detach from blaming myself, in spite of what even my family thought about my decisions. It was a valuable tool on my road to recovery. It not only helped me to recognize my ex husbands behavior as disrespectful and manipulative, but it also taught me to be on the look out for other types of manipulative men as well. Girls, this is a must read!!!! This book is like a manual for self care... You must be willing to look at yourself and what you are attracting into your life as well. You must be willing to take accountability for the way you think, and ultimately for your decisions to keep the men you do, in your life. I highly recommend this book...
