I have been trying to study & learn how to develop my own Psychic gift and this is the best book I have found to do that! Great for beginners with no long stories just all the facts and information written so even a 70 year old can understand it. Emily has put it all together. The exercises are simple to learn & do. Thank you, Emily

This book has helped me open the door and want to further my spiritual journey. I huge into meditation and loved learning about all the different kinds of ways to meditate and open up my intuition even more. I am definitely going to go back and re-read this book again!!

Too similar to her videos, but still great information and a keeper.

this book covers all sorts of topics and how they are related although not in very much depth.a good place to start as its told you of many different things its then up to to explore them

I enjoyed the book, nothing too revealing but good back to basics. Following up with some of the free offers Emily provides, she seems to be very grounded and confident in her abilities.
