Pharrell: Places And Spaces I've Been

Synopsis

Redefining cool for a new generation, Pharrell Williams is a creative force, using music, fashion, and design to express his distinctive style. Originating at the crossroads of art, design, popular culture, and street savvy, Pharrell Williams's output is unique. By playing off different disciplines—namely music, fashion, street art, and design—and using each as an element in the other, Pharrell has redefined the role of the contemporary recording artist, blazing a trail for other musicians and prominent cultural figures. Illustrated with lavish photography, this book also explores his musical career in depth, charting his many projects from his production team The Neptunes, to the band N.E.R.D., and his collaborations with friends Kanye West, Jay-Z, Snoop Dogg, and other hip-hop royalty. This unprecedented volume documents Pharrell's prolific body of work and his contribution to contemporary culture. In his own unique graphic language, he details his extensive creative pursuits, including clothing lines, jewelry, and accessories designs for Louis Vuitton, furniture and other product design, limited-edition toys, graphic designs, skate graphics, and collaborations with Moncler, Marc Jacobs, the artist KAWS, and with architects Zaha Hadid and Masamichi Katayama/Wonderwall. The book includes contributions from Buzz Aldrin, Toby Feltwell, Zaha Hadid, Shae Haley, Chad Hugo, Jay-Z, Masamichi Katayama, Ambra Medda, Takashi Murakami, NIGO, Loïc Villeponteux, Kanye West, Anna Wintour, Hans Zimmer, Ian Luna and Lauren A. Gould. This book was originally published with three different colored covers and a year later, reprinted with a new set of three colors. Customers will be shipped any of the six different colors at random.

Super cool book with really awesome visuals. If you're as big of a Pharrell fan as I am, this book is a must have for any collector of cool things.

Very in depth overview of pharrell and all his successful endeavors throughout his career. Inspiring read!! Loved the surprise of not knowing what color I was going to receive. Speedy delivery and packaged well. Thanks!!!

Fantastic book which sheds light on the mindset of Pharrell through his friends and family. Tons of great vivid pictures of N*E*R*D, Bape, BBC/Ice Cream, and other projects Pharrell has been involved in. Great for any streetwear enthusiast!

My son has been looking for this book for over a 1 year now! Either it was too expensive or it was SOLD OUT or Back-ordered in the stores and on the websites! So when all else fails what did I do? I logged onto .com and I found the book for my son and for less the cost of ALL the other sites that I visited!! .com shipped the book out to me within a few days and just in time for my son's 19th Birthday!! I asked my son to save the wrapped box last to capture the moment and when he opened the box, he had the biggest smile on his face and he said, "You got me the book! Thanks mom, and he gave me the biggest hug!! The book has a very pretty blue cotton cloth like cover and seems like it will be a pretty good read too especially with all the pages and color pictures that's attached!! My son started his own Trademarked clothing line (tees and sweatshirts) a couple of years ago and I think that he will get lots of inspiration from reading Pharrell's book!! Thanks !!

Love Pharrell; hate the orange copy that I received (& didn't know existed). Felt petty/vain returning & risking the chance of receiving the same color. It's the same book, sooo...

My review of the book will not be tarnished due to the error of the shipper. I ordered the pink book but got the blue book. Sounds petty but the choice to order pink over blue was deliberate. Pharrell

rocks. This book does too.
