Efrat Haddi is a mother of three children with extensive experience in education and love for kids . In recent years, she is working with children in a democratic school where democracy is both a goal and a method of instruction. Democratic education brings democratic values such as justice, respect and trust to education, and includes self-determination within a community of equals. In her books, she combines her life's experiences with diverse knowledge accumulated while working with

kids over the years, all in a sensitive, positive and inspiring way. Her books are always filled with fun, and fun pictures.

This updated wonderful volume "Magic Seeds of Patience Gold Edition" has a bonus story "Alex's Quest - The Lost Kingdom" attached to it. As a result, beside learning about patience, a necessary trait that children need to learn, children will have an adventure tale, a magical tale, that is filled with fun. Efrat Haddi, the highly respected author, and Abira Das, the book's splendid artist, have put together two tales that will delight children, the first about patience will not only fascinate children but also help them come to understand, as Daniel does in the story, one of the world's most important lessons. In the story Daniel's grandfather gives him a package of seeds which he calls magical seeds, seeds of patience. His grandfather explains that with patience "you can discover all the beauty that the world has to offer." In the added bonus story, Alex and his puppy dog Max discover a sword that once belonged to a prince, in his father's antique shop. The prince used the sword to scare away a fire breathing dragon and saved a beautiful princess. Now no one knows today where the lost kingdom is located. Alex also finds a magic carpet, but no one knows the magic words that make it work, and a bag containing a friendly genie. Alex, Max, and the genie fly on the magic carpet and save the beautiful princess and her kingdom, and are thanked royally.

Author Efrat Haddi, with excellent support from illustrator Abira Das, has written a fine little story about the value of patience, and the clever way she tells the story makes it remarkable and memorable for children. It is Daniel's birthday and he is honored at a perfect party, and after the party he opens all the wonderful gifts his family and friends have given him - with one exception: the present from his farmer grandfather is just a little bag of seeds. When Daniel confronts his grandfather with his query as to the gift of seeds his grandfather tells him they are magical seeds - the seeds of patience. He instructs Daniel to plant them in a pot, water them daily and be patient. Daniel follows the instructions, but it takes a while before anything happens with his planted pot. Eventually the seeds sprout, grow into flowers that attract beautiful butterflies and Daniel loves his Grandfather's present - and has learned the rewards of being patient. Efrat Haddi obviously understands children (she is a mother of 3!) as well as the techniques of teaching children concepts through stories. This is a very well written and illustrated book that should become a favorite bedtime story - with a lesson. AND, it comes with a bonus story ALEX'S QUEST: THE LOST KINGDOM. Just one more reason this is a Gold

Edition. Grady Harp, August 17

Five stars for a beautiful book with some great information about something so many of us, including myself, would love to have more of. On Daniel's Birthday, his grandpa gives him an unusual present. What Daniel learns about the gift proves that his grandpa was wise and did give him a bit of magic and the wonderful gift with those seeds of patience. Efrat Haddi is a wonderful author and knows how to write books not only children, but adults love.

A wonderful book + the hero of the story being named as our youngest son- couldn't be a better combo to get him even more attentive to the moral of the story!
