Customer Reviews

This book was great. I couldn't put it down until I finished it. Can't wait to read more from this Author.

Love Kiki! She is so real, makes you feel like your right there with her and what ever is going on.

This is a short story plus all the full length books are great. This is a series not too be missed.

I love the Kiki series. Kiki is a warm hearted single Mom going through the good times and the bad with her faithful friends, daughter and fur babies.

This story is so sweet. It has a little Kiki/Detweiler romance in it. But more importantly it tells a story of Mrs. Lieberman who gave so much love to the children who attended the temple. I really enjoyed reading this book.

You'll love Kiki!

All the adventures of Kiki Lowenstein are such fun! If you enjoy mysteries and scrapbooking you will not be able to put these stories down! I do hope Joanna continues to keep us entertained with Kiki's interesting life!

The author has done it again! Her writing is fluid and pulls you into the story. You become familiar with the characters and feel as if you are right there with them. Thanks to 's free e-book offers, I was introduced to a new author with amazing talent for story-telling!

If you've read or intend to read the Kiki Lowenstein books then these short stories are must reads... More like long excerpts from the novels, these all give a little bit of back story that is not explained in the full size books... The mysteries are entertaining and as always, enjoy the craft tips!
