Mail Order Bride: Indian Bride Forever (A Western Romance Story)

Synopsis

In the Old West, love and danger are synonymous. .Page Count: around 330 pages Katherine, Cali-Cle, and Annie are strangers...Yet they have been bound together since birth. .Alone in a world where they do not fit in, each woman finds herself on the edge of peril as a mail order bride.Fate draws them to men they have never before met, mail order brides for Indians who are themselves outcasts.The devil's mark is a serious thing to the Karankawa people.It foretells the destruction of their tribe. .Their enemy, the Tonkawa, would say that is a good thing.Sacrifice and torture are what the Karankawa thrive on. .When three separate women show up, each a mail order bride bearing the birthmark foretold in the prophecy...The Karankawa will stop at nothing to kill the women.The Tonkawa will stop at nothing to protect them.Are the Indian husbands strong enough to defeat a tribe more deadly than any other in existence?Love means taking a risk. .Only the men can decide if their new brides are worth dying for.Page Count: around 330 pages

Customer Reviews

Leah is a new author to me and I like her writing style very much. She did an excellent job of weaving the stories of three women trying to survive in the old west and connecting the stories through the Karankawan and Tonkawa warring tribes. A peacemaker (Noxlol) from the Tonkawa tribe was present in each story trying to help. While I was especially drawn to Katherine's and Joshua's story involving saving a new born baby, I believe Noxlol was my favorite character throughout the book. This book kept my attention from beginning to end with something constantly happening. The women were strong and brave. There was good chemistry and love from the men helping them. You will not be disappointed with the outcome of each story. I highly recommend this book and author.

Indian Bride Forever by Leah Laurens is an excellent clean historical western about one 'good' Indian tribe and a 'bad' group that was a break off of criminals and outcasts of another tribe. They are both interested in three women who each have a particular birth mark. One tribe wants to honor and protect them, the other to sacrifice them. This is three books in one, each telling the story of one of the women, but then intertwining their stories to bring a conclusion. The characters are strong and courageous, both men and women. It really seemed like a different type of mail order bride book, but was excellent! I loved it.

I read this book as a ARC for a honest review and she wanted verified reviews so sent a Gift Card for us to buy it after reading. What a great read and 99% clean but the language wasn't finished so really good. One or 2 spell check mistakes but we know spell check does as it wants. I did go and read about the two tribes since I had never heard of them. I thought okay I am use to having to wait for the second book to come out to get farther but She did a great job tying it all together in one. I can't wait to read more of her writing

I always enjoy mail order brides books. The whole idea of ordering a bride is fascinating. Ms. Laurens delivers a book that offered me something extra with the Native American tribes and each bride being born with the sign of the moon. Each woman was strong, endured much, yet still believed in love and forever happiness. These stories were well written and drew me in with the first words. I look forward to reading more by Leah Laurens.

If you like Western Romance novels, you will love this book. It is three stories in one. The characters

Katherine, Cali-Che, and Anna are linked through a common birthmark and an Indian legend. They all are mail order brides and each character has their own story to tell. The author did a very good job of explaining their relationship to the tribes, they each woman became involved with the Indian tribes, and then their transition back to the white race. I can't wait to read the next book and find out how the legend unfolds to include these women. I can see this as a series you will want to follow. I highly recommend this read.

****SPOILERS****Wow, I really like stories like this, but this one is one of the best I've read in a while. I can't imagine a mother selling her own child, especially a 12 year old girl, to Indians back in that time. How horrible a life Katherine had after that. I love Joshua, now that is a man. Well written, good characters and storyline. Can't wait for more. Give it a read you will enjoy I promise.

This is three stories in one book, with three white women who are unrelated but their lives are intertwined by their moon shaped birthmarks and an Indian prophecy. Each story is about a different woman but a continuing story of the previous one. They are very well written, to the point, clean, and enjoyable stories. Even though they are short stories they flowed well from beginning to end and didn't just suddenly jump to the end with a gap in the story line as some do. I also enjoyed the unexpected ending. She is a great writer and I can't wait for the next book in the series.

I really enjoyed reading this book. It is actually 3 stories about 3 different women who are strangers but are linked together by a birthmark each one has. I would recommend this book to anyone who likes historical romances or mail order bride stories. I am looking forward to reading more from this author.
