Connect Access Card For Microbiology

Synopsis

McGraw-Hill Connect[®] is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: SmartBook[®] - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here:

Johanne M. Willey is Full Professor at the Hofstra University in Long Island, New York. Linda M. Sherwood is a member of the Department of Microbiology at the Montana State University. Christopher J. Woolverton is Professor of Biological Sciences at Kent State University, Ohio.

Worked great! Extremely helpful with slimming down the reading - this textbook is incredibly dense and, quite frankly, boring. I really appreciated having a Connect code to narrow down what I needed to focus on for the exams. The practice questions have been helping me on quizzes in my class, as

well.Highly recommend! 5/5

The code did not work and I had to repurchase through the school! Please contact me I would like my money back!!!!!!

This order was awesome! I received my code and it worked without issue. The order was fulfilled in a timely fashion and in great condition.

Worked exactly like I needed it to! Ended up saving me close to \$80.

It works perfect. I received the Item as described.

Great price and easy access
