Purchased this book for my Granddaughter. It is a lovely book and will record important information and memories for years to come.

a wonderful aid to assist children in understanding the mystery and the gift of eucharist...the journal provides neat stories and allows the child to write down their thinking and progression.

Really a solid, sharp (very sharp!) product. My old serrated product disappeared somewhere, but I wish I'd bought this one years ago. Received as described. delivery on time receive it next day . very well. my husband think it is amazing ,
