## Customer Reviews

I received this item broken and missing a page. The page to insert Washington quarters dated 1974 through 1979 is missing which makes this item useless. The binding was also broken. What a piece of junk. To top it off I originally received the wrong item so I had to send the wrong item back and had to wait again to receive the correct item. It took almost two months for to deliver this item which was broken and missing 1 page out of 6. If I could give a negative star I would

It is a great product. Fits into our product block. just fine, have a good experience. Very well. she says it is very beautiful ,
