Indian Diaspora In The Caribbean: History, Culture And Identity
Synopsis

This collection of essays seeks to explore some aspects of the history of Indian emigration to the Caribbean, which is one of the most significant events in the history of Indian indentured migration that took place to different parts of the world during the second half of the nineteenth century. The Indians faced many hardships in the Caribbean during the initial stage of their migration. However, over the years, despite several adversities, Indians have become one of the most successful immigrant ethnic groups in the Caribbean. Indian Diaspora in the Caribbean: History, Culture and Identity studies key facets of this retention of the Indian ethos. While doing so, it also analyses notions of religio-cultural transformation, identity reconstruction, political participation and transformations, as well as resistance to enslavement and other oppressions. The contributors to this volume, who are recognized scholars and academics in the field of Caribbean studies, also have the advantage of first-hand knowledge and the experience of being a part of the Indian diaspora in the Caribbean.

Rattan Lal Hangloo is presently Head, Chair of Indian Studies at Tbilisi State University, Georgia, and Professor of History at Hyderabad Central University. Earlier he served Hyderabad Central University as Head, Department of History and also Chief Proctor.

My husband found the book interesting, but the perspective was tedious and somewhat slow.
