Immortal Unchained: An Argeneau Novel

Synopsis

In a spellbinding new Argeneau novel from New York Times bestselling author Lynsay Sands, a dangerous rescue is just the beginning of red-hot adventure. Ever since Domitian Argenis recognized Sarita as his life mate, he's been waiting for the perfect moment to claim her. Those fantasies did not include him being chained to a table in a secret lab or both of them being held hostage by a mad scientist. Somehow, they have to escape. Sarita has seen some crazy things as a cop, but nothing to rival Domitian. A vampire? Seriously? But his healing ability, incredible powers, and their mind-blowing physical connection—none of it should be possible, yet her body knows differently. Now, not only do they have to save each other, but other innocent lives are at stake. Failure is not an option, for Sarita intends that Domitian show her exactly what an eternity of pleasure feels like.

Customer Reviews

Can't believe this is book #25 in the Argeneau series, and I'm still in lust/love with Lynsay Sands' hunky vampires and the strong women who love them unconditionally (eventually) and also stand

up to them regularly. Sarita and Domitian are life mates, and he has waited not too patiently for her to grow up before he claims her, he first spotted her when she was 13 and dining in his restaurant and the wait has been a long one he feels. He's kept tabs on her by hiring a private detective, and Sarita doesn't have a clue, even though she's been under surveillance for 15 years! She's now a police detective in Canada, and hasn't returned to her native Venezuela since she and her father left abruptly 15 years before. She has no inkling that vampires exist, but when her grandmother's employer asks her to return to Venezuela because her grandmother has had an accident, she boards a plane and goes!! Domitian has also accepted a job with the same employer. Dr. Dressler has become the main suspect in the disappearance of several of the Rogue Hunters, and Domitian hopes to infiltrate his compound to see if he can locate any of the missing. Needless to say, the good doctor has nasty surprises in store for all concerned, and Sarita and Domitian are a major part of his rotten plans. Sometimes I can't understand how I can keep falling under Linsay's spell. It's the 25th book for heaven's sake, and the characters should seem so similar. However, she reels me in every time, and I find myself worried, cheering and jealous of the heroines, so feisty, every one, and drooling over their life mates. I guess we all need love and adventure in our lives, and Linsay delivers that in spades. If you love vampires and women who will give them a run for their money, indulge yourself in Linsay's world!

I fell into the Argeneau Series by accident - when a former co-worker had extra books that she was gifting to her mother-in-law; so I chose one of these books. The series went from being hilarious and interesting to dang near ready to be placed in a coffin. Feeling like she should wrap up the series. The whole Dressler storyline has been dragging on and on and on now. It also has strayed from the core group and the 'lifemates' aren't being paired off by Aunt Marguerite. Which was always interesting and funny. This story was dry - parts were pretty good. I was definitely digging it at some parts and at least she still has me chuckling while reading with her humor. Yet, ready for the series to be wrapped up - it needs to be tied up into a nice finale and a little R.I.P. :)

I have to agree with the previous three starred reviewers. I was disappointed in the flow of this book. Sarita may be a law enforcement officer, but she does some impulsive, lame brained things when approaching a "stealth" scenario. She doesn't whisper, she talks full out, she may as well be wearing a bell around her neck when sneaking up on a sensitive situation. The romance was seriously lacking in this story. This is one of my all time favorite series, I buy the books in hard copy because of them being my favorite. But man, I may have to rethink spending almost \$7.00 for a

paperback, going forward. The story wasn't well developed, and in some chapters, we were just given a synopsis of what occurred over a few days. Especially as the story was wrapping up, weeks had gone by. I enjoy a little more romance and some sex with the Hero and Heroine, as it really helps firm up the life mate connection, this was just forced and not very compelling. I don't know, I may have to reconsider this series. Which makes me sad.

Darius is independent and sassy, a police officer who wants to serve to help others. Domitian is an older immortal who can cook like a fiend and owns many restaurants. He's kept track of Sarita for over a decade after a chance encounter led him to discover that she was his life mate. Her age and his interest was a bit odd but he waited a long time for her to grow up. Dr. Dressler is out of his mind! Half-breeds from genetic splicing? It explained why the immortals were just disappearing! The storyline of this book got a little confusing, but when you think of the mastermind, it makes sense. The explanations at the end. Tell you Dr. Dressler's motivation. Truly a whacko scientist!! Domitian is old-school and he's pained by the use that Sarita will not want him. Patience and the help of Eshe and Mirabeau, as well as her grandmother, and Sarita admits to herself what the others could see. While I enjoyed Domitian and Sarita's story, it was not one of my favorites. It was full of intrigue, a scantily-clad Sarita, boxer-wearing Domitian, hot life mate sex, a lunatic scientist, family, immortals and half-breeds. All taking place on an island off the coast of Venezuela.

Omg I love these books.. so glad she keeps this series going. Can't wait for them to come out the day they come out I'll buy them I read the whole book and then I'm disappointed because I have to wait for another book. And this one Sarita goes to check on her grandmother she has never met and thinks might be dying but was tricked onto the island. The mad scientist needed her to get her life mate there so that he could figure out how to become mortal. Domitian knew that Sarita was his life mate at his restaurant when she was 13 years old .. he just had to wait for her to grow up.. love ãçÂ•Â¼Ã Â¿Â• love ãçÂ•Â¼Ã Â¿Â• loved this book. Lots happens in here so enjoy!
