The Essential I Ching: The Oracle, Concise And To The Point

Synopsis

The I Ching is a collection of practical wisdom from ancient China, that is consulted as an oracle. Using three coins, one casts a hexagram, that pertains to the question or situation one consults about. The hexagram is then looked up. In this book, the poetry like texts from the I Ching are explained in a clear, concise, and to the point way. This makes it straightforward to understand what the oracle has to say, and really benefit from its insight.
