School Of The Supernatural: Walking In Our Inheritance As Sons Of God

Synopsis

Learn to Walk in the Supernatural of God This book, School of the Supernatural, takes believers on a Biblical journey from our right and obligation to walk in the supernatural things of God, to the manifestation of it. Customer Reviews

The author offered this ebook for free on for just a couple of days and I was fortunate to have run across it during that time. I'm leary of things on the outer edge. I wouldn't have bought it. BUT. Now that I have read this book, I have discovered a whole new reality I knew nothing about! I am looking forward to pursuing knowing God to the point I see angels and interact with the supernatural. I totally get that people balk at the amount of time this author spends in prayer. But not only is it necessary to do in order to have a supernatural life, it is profitable for the kingdom! I am making it my goal to increase the amount of time I spend in prayer. Now about the book: This book is about remembering foundations, not forsaking God in your pursuit of the supernatural. Michael Van Vlymen gives plenty of tips on how to see in the spiritual realm and many examples of his encounters however, they are cradled in basic foundational attitudes and actions centered around the gospel. Repentance, fear of God, and knowing his love for you. Prayer. Praise. Worship. I learned a lot about what these things really are. I could literally feel the enemy trying to cause offense and make me stop reading. He does not want me to get a hold of this! I would set the book down and pray and when I got what I needed from God I would continue reading. I am now trying to decide which book from this author I am going to buy next. Perhaps this same book in print. It is definitely worth the charge!

A great guide to get pointed in the direction of the supernatural!! I loved it! Every time I thought of a question while reading the answer was only a few pages ahead!

I've always believed in the supernatural since my salvation because it was supernatural. This book is a great resource to keep in your arsenal for references, examples and motivation to keep believing in a world that's trying to steal the truth from you and keep you from walking in your inheritance and the supernatural! Thanks for sharing Michael. God bless.

Sweet and concise. Scripturally based. Practically given instructions and guidelines. Easy to understand. It gives me great hope and joy. Amen

Easy and simple instructional book in accessing life in the supernatural. Recommended to people

who wants to see & live in the spiritual realm.

Amazing book. Great help for those wanting to intensify their walk with God.
