Fancy Nancy: Tea For Two

Synopsis

When Nancy is invited over to Bree's house for a special tea party, she has only one thing to say: oui! The girls enjoy a few charming cups of tea before a disaster occurs that sets the two at odds. Will Nancy and Bree be able to save their friendship?

Customer Reviews

Jane O'Connor is an editor at a major publishing house who has written more than seventy books for children, including the New York Times bestselling Fancy Nancy series. She resides (that's fancy for lives) with her family in New York City. Robin Preiss Glasser actually wore tiaras and tutus when she danced with the Pennsylvania Ballet. Now she happily spends her days in jeans, drawing. She has illustrated many acclaimed picture books, including the bestselling Fancy Nancy series. She won the Children's Choice Award for Best Illustrator of the Year for Fancy Nancy and the Mermaid Ballet. Robin and her family live in Southern California.

I'm on the fence here people. I love these fancy Nancy books and think they are adorable and

sweet. I have a lot of these books not just this one. My daughter loves Nancy especially because she has curly hair and is a ballet dancer just like my daughter. See, My daughter is nearly 4 and totally understands this book fine. But I think understanding it is the problem. It's a sweet story idea but the problem I have is when the girls fight, how they talk to each other. It's pretty hard to explain why one girl yells at another one to leave her house and that she refuses to place any more. And one saying that she will never come back. My daughter is now under the assumption that when she quarrels with anyone she can tell them to leave and never come back and she doesn't want to know them any more. It was funny at first but it's a nasty habit all from reading the book ONE time. As a parent I really value respectful kind behavior to everyone and really try and drive home respecting friends, elders, siblings, and everyone so I felt like maybe this made my daughter thing being disrespectful was ok. So, I had to give the book to the library for some one else that's maybe older to enjoy. I have a dozen fancy Nancy books though and all of them are fantastic and so sweet. The writer is so clever and fun with her ideas and point of view of Nancy. I'll definitely be buying more Nancy books, just this one was off the mark for me.

My little one has me read this to her every day - yup, it's THAT book. She now wants a tea party birthday. As a parent I think it's a sweet story of friendship, love the vocabulary, like that the parents are respected/ obeyed in the story, don't love the emphasis on appearance that comes with the Fancy Nancy books, but my little one loves being fancy too, just who she is, so we will just work on the real meaning of beauty in other ways, so over all I say the good definitely outweighs the bad. Side note- we got the other tea party Fancy Nancy book too...it's more of an instruction manual and not as entertaining, this is the one to get.

I paid full price. I am not a paid reviewer nor did I receive them for free or at a discounted price. My daughter loves fancy nacy. She really enjoys learning new words to describe other more burning words! Ha ha. She is 4.5 and we are on our way to reading them all. I love all the big vocabulary words she is learning in a fun way. Great way to have your daughter learn while spending quality time together.

I absolutely adore these fancy Nancy books. Adore is a fancy word for like LOL. They are so cute and unique and girly. A very sweet gift and I love the slight introduction to French as well as teaching young girls elegance and manners

Fancy Nancy deals with conflict in this particular book. This book gets a little complex with emotions. A short synopsis: Fancy Nancy breaks a special tea pot of her friends while they are playing together. It is broken because Nancy says it is her turn to play and they begin to struggle over the teapot and it ends up in the floor broken. The friends both become angry and Nancy later becomes sad and remorseful. She talks to her parents who say she should apologize. The friends reconcile at the end. There is a lot of complexity in this book for younger ages, for my almost 3 year old became bored with the book, but my almost 5 year old understood the conflict and knew how to respond. She knew the argument should have never taken place and how to resolve it. Fancy Nancy has had some struggles in other books, but this showed the selfishness of Nancy in this case. I know this is supposed to show an example of how to resolve conflict, but the conflict could have been avoided if she would have realized how special the teapot was to her friend. Personally, I just did not like the subject matter of the book and it is not chosen by either of my girls for normal reading. I understand addressing the subject matter, but this book goes away from the light spirited attitude in most of the books and addresses conflict that could have been avoided in the first place. Maybe I just didn't like the book, but others may find this needs to be addressed. When my 5 year old can figure out during the progression of the book how to avoid the conflict, then the book becomes useless and not entertaining.

The story in this book is not what I expected. I do not like Lil Nancy's bratty behavior and refuse to read it to my daughter. She has enough diva behavior on her own. However, I do like how they apologize.....eehh

My 2.5 year old is obsessed with Fancy Nancy and with tea parties so it's the best of both in a single book! It has become one of the few we have to read each night for bedtime.

I bought this book along with my 3 year old first tea party set. We have read it a handful of times and she loves the book.
