Holman Illustrated Bible Handbook

Synopsis

Many who would be willing to search for truth in the Bible are intimidated by its size, the length of time it spans, the different languages and cultures within, or questions about the historical reliability and contemporary relevance of Scripture. The Holman Illustrated Bible Handbook is designed with an awareness of the obstacles people have to understanding the Bible. It begins with an essay on "How to Read and Study the Bible" before proceeding to chapters that provide a thorough overview of each of the Bible's 66 books, summarizing each one's content, author, evidences of authenticity, and historical context. In addition to the full-color maps, photographs, reconstructions, and charts that equip readers throughout the volume, a smartphone-accessible QR code is included for each chapter that leads to related online teaching from noted Bible scholar Gene Getz.

Exactly as described, quick. For God so loved the world that He sent His only Son (Jesus Christ) that whoever would believe on Him would not perish (Hell) but have eternal life (Heaven) John 3:16 & 14:6.

Bought several copies for my students and their feedback has all been positive. Very condense and to the point as a handbook should be. The QRcodes within each chapter are a lot of fun and very informative. I like the section within each book of the Bible that discusses how Jesus is depicted, particularly helpful in the OT books.

I LOVE bible study books. Seriously, LOVE them. And this one is no exception. It's perfectly sized to take with me to my bible study group. It has some GREAT info in it, that my group loved sharing and reading about. A perfection addition to a bible study library!

Small book, lots of info but the print was small. I thought it would be larger. Okay for Confirmation gift, but adults might have trouble with the small print. Nice pictures.

I've found this little handbook extremely helpful. I read the relevant book before I read it in the bible. Most informative, with much extra information to expand my knowledge. I'd recommend this book if you're passionate about the bible and want the extra information to give you a rounded picture of biblical times and to understand the bible more fully. A wonderful addition to any biblical reference library.

Sent to the young man in prison was happy with the book

Really like it for my Bible study starting next week. Very informative

Very easy to understand and concise. Lots of pictures. I like the article on how to read and study the Scriptures! I would definitely recommend it!
