I wasn't sure what these puzzles were, but basically it's just a word search. When you have completed the word search, leftover letters can be unscrambled to give an answer to the riddle in the title of the puzzle. Fine for what it is. Book is pretty and smallish, easy to carry but the puzzles are relatively small. May be difficult for older solvers.

This book is so small that I was disappointed when I first saw it, but it was for my 90 year old mother for Christmas, along with a huge jumble puzzle book and a picture puzzle book and this is the one we see her using most often. It's well made, is easily held in the palm of her hand and fits in her purse and she really enjoys using it. On the down side, the print is small, about the size of newsprint and the faint red color of the letters in the puzzle grid is a bit hard to see. But those factors don't seem to limit her use of this nice little book.

Carry this tough hard cover pizzle book while travelling

A handy dandy little puzzle book. I enjoy word puzzles, and these are fun. I keep it in my purse. It keeps me busy while I wait for whatever it is I may be waiting for. I like it. I just bought another one.

Good for my purse!

I like the puzzles but I was VERY disappointed that the book was so small, hence the fine print. I thought it would have been the regular size of a novel because I don't recall any mention of the size before purchasing it. For this reason I would not recommend it to any of my friends.

I purchased this book because I have enjoyed Wonderword in the newspaper. Now that we get the newspaper digitally, I missed doing these puzzles. I like this style of word find but I would prefer that the color of the print to be darker or black as I need my glasses to see the rust colored letters. The paper that the book is printed on is high quality. I can use a highlighter on it and the color doesn't go through to the other side, the next puzzle.

I like the selection of puzzles. The product arrived timely.
