Customer Reviews

"Excellent book! Easy to understand and wonderfully illustrated. A good tool for prevention of lifelong vices." -- Dr. Ludwig Dumaplin, MD "The witty text and delightful illustrations, remind people everywhere to shout, "NO SMOKING...please!" -- Kenon Neal, Founder of Kids Cancer Network "This book is an incredibly effective tool to teach children about the dangers of tobacco." -- Dr. Katherine Griffith, Elementary School Principal

While waiting at a stop light several months after losing her brother to lung cancer, Eileen Tucker Cosby noticed children in a car next to her inhaling the smoke of the driver's cigarette. "I was outraged! Not only was the driver's health in danger, the children's health was also being jeopardized by breathing second hand smoke!", said Cosby. "N" is for NO SMOKING...please is Cosby's attempt

to raise awareness of the dangers of smoking for both children and adults. Cosby hopes this book will encourage children not to smoke and motivate adult smokers to quit.

Excellent book for grades K-5. I also recommend: Grades K-2 What are Drugs?, Gretchen Super K-5 No Thanks, But I'd Love to Dance: Choosing to Live Smoke Free, Jackie Reimer 1-6 Smoking Stinks, Kim Gosselin 4-5 I've Got This Friend Who: Advice for Teens and Their Friends on Alcohol, Drugs, Eating Disorders, Risky Behavior and More, Anna Radev 6-8 I've Got This Friend Who: Advice for Teens and Their Friends on Alcohol, Drugs, Eating Disorders, Risky Behavior and More, Anna Radev 5-12 Kids Say Don't Smoke, Andrew Tobias

Very good product, it came in on time and in good shape. I will order more when I need more of this product. Very useful for my desk. I like the entire item I get from they always come in time and good shape.

This book is a great resource for teaching Kindergarten to second grade students about tobacco. It discusses what tobacco is, what forms it comes in, the dangers of smoking as well as the dangers from second hand smoke. I find that there really are not that many resources for this particular topic for this age group and thankfully, this one deserves to make it to your reading resource library shelf. Enjoy!

Very good resource for small children.
