Eric Foner is the preeminent historian of his generation, highly respected by historians of every stripe—whether they specialize in political history or social history. His books have won the top awards in the profession, and he has been president of both major history organizations: the American Historical Association and the Organization of American Historians. He has worked on every detail of Give Me Liberty!, which displays all of his trademark strengths as a scholar, teacher, and writer. A specialist on the Civil War/Reconstruction period, he regularly teaches the nineteenth-century survey at Columbia University, where he is DeWitt Clinton Professor of History. In 2011, Foner's *The Fiery Trial: Abraham Lincoln and American Slavery* won the Pulitzer Prize in History, the Bancroft Prize, and the Lincoln Prize.

Arrived really fast! Im impressed. A textbook i need for class so far good.

Great

Needed for a history class. Not a book I would read in my free time.

bought for my us history 304 class

Shamelessly biased Marxist propaganda. I'm thoroughly disgusted that it is being used in my history class as the textbook. What is worse is that many young people in college classes will read this nonsense and take it as a legitimate objective account of history. This is not an exaggeration, this is history from a Marxist prospective and it is absolutely immoral for this book to be used as a textbook.
