The Three Bears

Synopsis

This classic Little Golden Book edition of the famous folk tale has had many imitators, but none can measure up to the way illustrator Feodor Rojankovsky brought Goldilocks and the three bears to life. Originally published in 1948, The Three Bears is now back in print for a new generation of fans.

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Deceased. Born in Russia, FEODOR ROJANKOVSKY (1891-1970) immigrated to the United States in 1941. He immediately began working on books for his friend Georges Duplaix's company, Artists and Writers Guild, which had just begun to produce a new line of titles called Little Golden Books. Rojankovsky went on to become one of the most prolific illustrators of Golden Books. In 1956, he was awarded the Caldecott Medal for *Frog Went A-Courtin'* (Harcourt).

A super cute book to read my baby. He is still too young to actually say if he likes it or not, but I enjoy reading it to him. I have been collecting little golden books since he was born so we would build up a nice book collection.

Little Golden Books bring great stories to children of every generation. I ordered this book as a baby shower gift but I remember reading this to my son and every week when we went to the grocery story we bought a new Little Golden Book to read at bed time. I really love these books, all of them

are great!

Story is pretty much as I remember it. Drawings leave something to be desired. One annoying thing is the three bears' beds look one way in one picture, and then in later pictures they are different.

I love this book , not sure my granddaughter cared much, but she is young. I enjoyed reading it to her and we will read it again and again.

This was one of my favorite books when I was young. I got it for my granddaughters, and they love them!

Classic book! oldie but goodie

I grew up on the golden books and I had to buy it for my grandbaby. Thank you.

Classic book I remember from my youth. Can't wait to share with my son.
