The Complete Manual Of Things That Might Kill You: A Guide To Self-Diagnosis For Hypochondriacs

Synopsis

Hypochondriacs have long had to satisfy their needs for self-diagnosis with medical reference materials written for the masses, but this revolutionary book is dedicated entirely to the hypochondriac's unique perspective on health. With over 300 deadly diseases profiled, conveniently organized by symptom (real or imagined), even the mildest hypochondriac's fantasy life will be ignited. We're all going to die of something why not choose an ailment that's rare and hard to pronounce? Perfect for friends who complain a lot Includes fascinating spotlights on terrifying medical phenomena Hardcover; 8 x 10 inches; 192 pages; full-color throughout

Customer Reviews

The Complete Manual of Things That Might Kill You,, or a guide to how an innocent body ache of yours could go horribly wrong. Hypochondriacs; that itch you're feeling to read this book? Could be anthrax. --"The Must List: 10 Things We Love This Week." Entertainment Weekly

Knock Knock is an award-winning purveyor of witty books and gifts. Our crackerjack in-house team creates humorous nonfiction and specialty journals from the ground up, and we also publish new titles from outside authors, bloggers, and other creative types.

Must be incomplete book, because I am still alive. This for the worry wart who has too much time on hands. But entertaining, particularly when doing diagnosis on another and to trigger the

hypochondriac.

Got this for my hypochondriac ex-boyfriend for Christmas with the "My Dysfunctions Journal". They pair well together, highly recommend. I mean I got a kick out of it...

This was a book my grandson and I saw at a store at a much higher price....he found it very interesting....

Accurate and interesting. Great table book.

cute gag gift.

Bought as a gift for my hypochondriac friend. She was thrilled.

Gave this to my daughter-in-law, who is in her last year of medical school. Everyone loved it! Nice paper for the book and cover, too...I'm picky like that.

A very funny and educational book. I purchased this for my families "hypochondriac" and she got a kick out of it. Well written and contains a fair bit of info on a lot of conditions you never knew existed.
