Butter My Butt And Call Me A Biscuit: And Other Country Sayings, Say-So's, Hoots And Hollers

Synopsis

They're called colloquialisms, idioms, of just good old fashioned, home-grown country sayings steeped in humor and home-spun common sense. These parlanes might not fit the modern hoity toity rhetoric you're used to seeing in print or hearing on TV, and that's exactly why they're more refreshing than an ice cube in July. In *Butter My Butt and Call Me a Biscuit*, Author Allan Zullo offers up more than 200 vernacular verses presented in themes, such as: * Admitting You're Wrong--The easiest way to eat crow is while it's still warm, 'cause the colder it gets the harder it is to swallow.* Congress--Gettin' a politician to do somethin' good for our country is like tryin' to poke a cat out from under the porch with a rope.* Ego--Some people are so full of themselves, you'd like to buy 'em for what they're worth and sell 'em for what they think they're worth.* Teenage Boys--You kinda wish they used their heads for somethin' besides hat racks.* Revenge--Two wrongs don't make a right, but they sure do make it even.* Surprises--Sometimes you get so surprised by life there ain't nothin' else to say but, 'Butter my butt and call me a biscuit.'"

Book Information

Paperback: 216 pages

Customer Reviews

â fGene Cheek, a born and bred Tar Heel, lives in Swannanoa, North Carolina.

I bought this book for the title alone. What a great thing to put on your coffee table and shock your guests. The text of the book is amusing too, but that title --- what a gas!!! I recommend this book because it's amusing and something different. I think you'll like it.

This is my second one, I've had so much fun sharing them on Facebook with friends who also grew

up with country sayings that we then share with each other. A lot of fun and can add a little bit more color to your speech.

Hilarious, and perfect to have on hand as we just moved to western North Carolina. I gave another copy as a gift to relatives who are retiring in NC, and they also got a kick out of it. It would have been great to have origin stories to go along with the sayings, to give background and cultural or geographic context.

This book is GREAT! A book to take everywhere. To the bathroom, a bar, relatives homes, etc! There is ALWAYS something funny and interesting to read. Makes one wonder about the people who created these terms!

Cute sayings and brought back a lot of memories of growing up in the South. There are many spelling and grammatical errors (other than the intentional ones) that made it a hard read in some places but overall a cute book.

The title gets them every time! Fun book to have on the coffee table. love it.

My wife wanted this book and when it arrived she read it immediately. Based on her laughing out loud I believe she really enjoyed it. She was born and raised in a Southern farm so I'm sure she is familiar with many of the sayings.

I laughed out loud throughout this book. Just reading the jokes and the variety of sayings is so much fun... Really enjoyable.
